RECAP

NEW CITY
INITIATIVES

INTRODUCING THE
NEW CITY MANAGER

UPCOMING
EVENTS

JANUARY – MAY RECAP

MAYOR'S 2ND ANNUAL PRAYER BREAKFAST

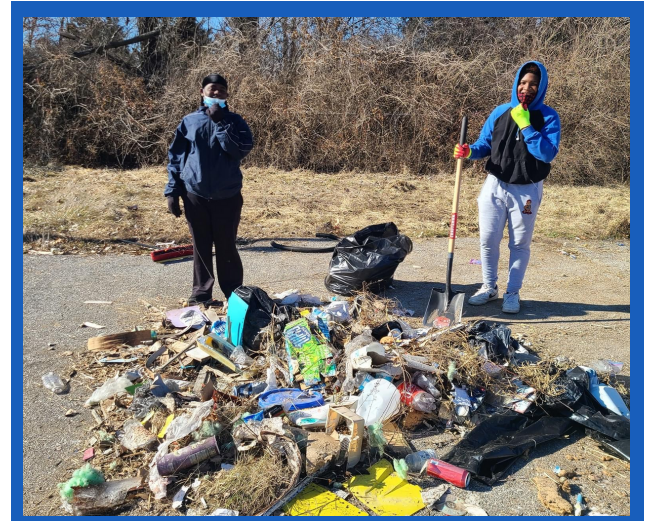

Mayoral Prayer Breakfast – Jan. 2021

The City of East St. Louis hosted their 2nd Annual Mayoral Prayer Breakfast with the theme "Finish What You Started." The mayor elaborated on the vision for East St. Louis 2021 and joined several members of the clergy in prayer for the community. The breakfast embodied energy between civic and faith leaders who prayed for spiritual consistency, spiritual obedience, faith, strength, and the birth of a renaissance for our City.

CITY CLEAN UP

The "old nursing home" located behind East St. Louis High School had become an illegal dumping ground in the last few years. The City of East St. Louis and several other volunteers paired together to clean the area before students returned to school in March. The City of East St. Louis hosted its first clean-up of the year at the "Old Nursing Home" at 5050 Summit Avenue in East St. Louis on January 23, 2021.

Old Nursing Home City Clean Up –January 2021

Stakeholder Luncheon March 2021

2021 STAKEHOLDER MEETING

The stakeholder meeting is a strategic event that helped our city officials prepare information for a larger stakeholder meeting with the community in June-July. This meeting also helped us build a collaborative network of supporters from public and private institutions. The discussion focused on aligning our stakeholder organizations' economic and development goals with East St. Louis's 2030 city plan.

NEW CITY INITIATIVES

ADOPT-A-STREET PROGRAM

The City of East St. Louis is launching a program to allow the public to become personally involved in improving the environment of our community and helping to keep East St. Louis roadsides clean. Anyone interested in participating in this worthwhile program can contact the City of East St. Louis at 618-482-6600 Ext. 1819

RECOGNITION

Adopt-A-Street volunteers are given full credit for their efforts. The City of East St. Louis recognizes them with a certificate of appreciation for outstanding work performed for the City at the beginning of every year.

BENEFITS

Our efforts help prevent pollution, promote stewardship in the community and environment, creates awareness for litter prevention, and improve property values. Adopters are also recognized with a sign on each end of their Adopted area.

VOLUNTEER CODE ENFORCEMENT

The City of East St. Louis is proud to announce a Volunteers in Code Enforcement Program. Through this program, residents work together with the City to preserve and improve residential neighborhoods and make East St. Louis a better place to live and work. Since volunteers are the foundation of this program, concerned citizens will help improve the quality of life in East St. Louis by assisting our code enforcement efforts. In this way, we can better address the needs of all residents. More Information: 618-482-6600 Ext. 1826

PUBLIC WORKS DEPARTMENT

- Street lights repaired along State Street
- 8th Street Repaired
- Participated in numerous clean-ups throughout the City

INTRODUCING OUR NEW CITY MANAGER

Carlos Mayfield joined the City of East Saint Louis as City Manager on May 15th, 2021. Mr. Mayfield grew up in Saint Louis but has always had a vision and passion for seeing our region grow. He formerly served as the Chief Operating Officer (COO) for RVC Group in Saint Louis, Missouri. Mr. Mayfield spent 12 years building and managing some of Saint Louis' premiere new construction projects, such as Ballpark village, BJC Campus renewal, Wash U Medical Center, to name a few. Mr. Mayfield worked closely to develop several municipalities and cities, introducing Bonds and developments for firehouses and police departments. He brings a wealth of expertise and economic development, and management knowledge to East Saint Louis. "I'm looking forward to working with the Mayor, City Council, staff, and the great Citizens to continue our efforts to enhance East Saint Louis as the premiere city of Champions.

"These are challenging times that require all of us to look at innovative ways to sustain city government, businesses, non-profits, and community groups, and all of the programs and activities that make East Saint Louis special. While I doubt any one of us alone has the silver bullet to solve all our challenges at once, However, if we can work together as residents, the Administration, the Council, the community, the management team, and the business community, we'll get through this." Because I believe! - Carlos Mayfield
